J. C. Duckworth Again in the Lime-Light—Other Matters.

(Rambler, in Pickens Sentinel.)  
Doubtless you remember the article in a recent issue of the Sentinel relative to the extraordinary good farming done by J. C. Duckworth and a 900-pound mule on 43 acres of Oconee dirt, the details of which most of your readers doubtless remember.

Well, I was over there on May 29. And coming up the fine automobile highway from Westminster to Walhalla, in that good section near Coneross church, I espied a neat cottage on a little knoll over to the right of the road, nestling amongst a few pretty little oaks and surrounded by crops that looked good, after seeing so much in other places that presented a desert-like appearance. As I looked about me I was impressed that I was viewing the place which Duckworth and his mule had made famous. So driving over to the little home I was convinced of the correctness of my surmise, for I was greeted with a welcome that only a Pickensite knows how to give to a "stranger within her gates." And the evening being far spent, I yielded to the cordial invitation to stay over night, the earlier part of which, after the repast, was pleasantly spent in social chat and listening to some fine music rendered by the two Misses Butler and Mr. Duckworth's little 15-year-old daughter. I wish to say that the trio and their music was worth a trip many times longer than was made by your scribe to see and hear.

As to Mr. Duckworth's farming: It was as good as the best; oats being hauled in that will thresh 50 bushels per acre; cotton ready to square and corn over knee high, that will make, with seasons, 60 to 75 bushels per acre, and other side crops all looking well, and this in the face of a drought that was making other sections look like a desert.

I want to say that every Pickens man seemed to be prospering on Oconee dirt, and among them, and not to be overlooked, is our good friend, Mrs. M. M. Murphree, who, in addition to being a good farmer, is developing into a real estate speculator, having sold only recently for \$50 per acre that which had cost but \$25 some two years past, and reinvested in what she considers better land near Richland at \$35 per acre.

Viewing everything from all standpoints, I am satisfied that our sister county is proud of the citizenship she has induced Pickens to relinquish, and we of Pickens are proud that we have been able to contribute so much to the material uplift of our less-favored sister. (?)

## Coughs and Colds Weaken System.

Continued coughs, colds and bronchial troubles are depressing and weaken the system. Loss of weight and appetite generally follow. Get a 50c. bottle of Dr. King's New Discovery to-day. It will stop your cough. The first dose helps. The best medicine for stubborn coughs, colds and all throat and lung troubles. O. H. Brown, Muscatine, Ala., writes: "My wife was sick during the summer months, and I honestly believe Dr. King's New Discovery saved her life." Good for children. 50c. and \$1. at your druggist.—Adv.

## Hibernian Wit.

An Irish farmer was asked if he used any of the commercial fertilizers on his land.

"No, sorr," he replied. "To my notion there's nothing like the old barnyard kind."

"Nonsense, man," said the other. "The time is coming when a man can carry the fertilizer for an acre of land in one of his waistcoat pockets."

"Maybe he will, sorr," returned Pat. "An' he'll be able to carry the crop in the other pocket, I'm thinkin'."

## CALOMEL A GREAT DANGER TO MANY.

Has Bad Effect on Some—Dodson's Liver Tone Takes Its Place and is Perfectly Harmless.

If you will inquire at H. M. Barton's drug store or at Norman's drug store you will find that Dodson's Liver Tone is guaranteed to be a safe, reliable remedy to take the place of calomel and a harmless liver stimulant having no bad after-effects. Indeed, any of these firms will refund purchase price (50c.) without question if you are in any way dissatisfied with this vegetable liquid.

It is very unwise to take calomel, even dangerous, as many people suffer from the poison afterwards, even though they may appear at first to be temporarily relieved. On the other hand, Dodson's Liver Tone works easily and naturally (really assisting nature) with no pain nor gripe and correcting all bilious conditions and ill-effects of constipation, clearing away the sick headache and the coated tongue, brightening up the dulled brain and strengthening the weakened body at the same time that it removes collected waste from the overburdened system.

Those who have tried Dodson's Liver Tone have found that it made them healthier and happier. A test may prove of great benefit to you right now.—Adv.

## ANTS CONQUERED A CITY.

Living Things in a Jamaica Town Driven Out or Eaten.

(J. Chambers, in Brooklyn Eagle.)

The paragraphs throughout the country are having fun with the little red ants that Mrs. Morse brought over in a box from the other side, and the careless customs officers allowed to escape. It is obvious that the jokesmiths knew very little about red ants. That box of ants may become a menace to the city of New York. The ruins of a splendid city on the north coast of Jamaica remain as evidence of the devastation that red ants are capable of causing. An army of the insects invaded the city one day and drove away every living creature, animal and human that could escape. Prisoners in the jails, and bedridden patients in the hospitals were devoured. Not even a rat or chinchbug remained alive.

In Liberia and other parts of West Africa anthills as large as native huts are found. The large black ant is the builder of that sort of home. Such anthills are not unknown in this country, although they are rarely so large; but the black ant rarely invades houses. He is a scavenger, and is protected by most farmers. At the northern end of Greenwood Lake I remember to have seen two such ant communities, with hills six feet high. When I asked the manager of a nearby hotel why he didn't destroy the insects, he replied that they were of value in destroying roaches and in keeping away many pests—except rattlers, which are foes of the black ant, and feed upon them.

## EAGLE EYE SALVE

GOOD FOR THE EYES—AND EYES ONLY  
WEAK, INFLAMED, STRAINED, TIRED, HURT, POISONED OR DISEASED EYES are surely made strong, clear, keen, healthy and bright by the gently curative properties of EAGLE EYE SALVE. One 25c. tube works wonders.

## Third Man for U. S. Senate?

Columbia, June 10.—The long-talked-of third candidate in the race for United States Senator has appeared in the person of W. P. Pollock, of Cheraw, according to a statement by a gentleman from Cheraw who was here to-day. He said that Mr. Pollock was preparing a statement for the press announcing his candidacy in opposition to Governor Blease and Senator Smith. Mr. Pollock is well known throughout the State, having formerly been a member of the Legislature from Chesterfield county.

The entrance of Mr. Pollock will make a three-cornered fight between him, Governor Blease and Senator Smith.

## Can't Keep It Secret.

The splendid work of Chamberlain's Tablets is daily becoming more widely known. No such grand remedy for stomach and liver troubles has ever been known. For sale by all dealers.—Adv.

## The Most Beautiful Thing for a Girl.

(W. A. White, in Emporia Gazette.)

That's some dress you've got on, little girl!—It sure is. That delicate, clinging, crinkly stuff is the prettiest cloth on the store counters. That silk Persian sash of many colors, so gracefully swathed about the center section of your anatomy, would knock the spots out of Joseph's coat. You are corseted and tailored according to the most extreme mode in the advance fashion books. But your neck is too low and your sleeves are too short, and your skirt is far away tighter than skirts ought to be. And the graceful slit exposing your dainty left ankle, shows a stocking above your pump that is almost transparent enough to read through, and you haven't any more petticoat than a rabbit—you know you haven't. Oh, you're some swell, you are. Have you noticed how the loafers around the street rubber at you as you trip demurely by on your way to the uplift lectures? And have you been thinking, little foolish one, that they were rubbering out of admiration? Ask your brother about it. If he's got any sense he'll tell you some things that will be hard on your vanity and good for your soul. And if you'll take his word for it, you'll lay that dress away and don something that's wide enough around the bottom to allow room for two petticoats and one pair of legs.

For there never was a dress designed, little girl, that is half so beautiful as a young girl's modesty.

At Bremen, Ga., W. M. Golden, of the Equitable Life Assurance Society, says he found Foley Kidney Pills to be the best remedy for kidney and bladder troubles, also for rheumatism. He says, "Any person having kidney trouble, backache, or rheumatism should be very glad to find such a wonderful remedy." Bell's Drug Store.—Adv.

## New Antidote for Alcoholism.

Dr. A. F. Christian, a leading Boston practitioner, says that rich ice cream and plenty of the finest chocolate candies are the best cure for delirium tremens or plain drunkenness either.

"Take the case of a man who has been on a spree for a long time," says the Back Bay physician, "and the best cure is to give him some suitable food, thereby saving the stomach from digesting itself. Ice cream has a cooling effect and the coldness absorbs the heat of the alcoholic inflammation. In ice cream we have the fat of real cream plus the gelatine, which acts as a protective layer for the mucous membrane. It absorbs alcohol poison and cools, protects and heals."

"A drunkard has alcohol in his blood in large quantities when he is on a spree. When he gets candy in his stomach at this time he digests it and creates more alcohol out of the sugar. But, strangely enough, this alcohol will serve to dealcoholize the stomach and eventually the system."

## CITROLAX! CITROLAX!

First—get the name down pat—then buy it of your druggist. Just the very best thing for constipation, sick headache, sour stomach, lazy liver, sluggish, constipated bowels. The pleasantest, surest, nicest laxative you ever used. Tastes good—like lemonade. Acts promptly, without pain or nausea. Gives you the most satisfactory flushing you have ever had. Bell's Drug Store.—Adv.

## Lightning Kills Mother and Daughter

Birmingham, Ala., June 11.—A bolt of lightning struck and killed Mrs. Rena Brown and her 8-year-old daughter, Audrey, and injured Mrs. Brown's husband and two other children at their home at Troy, Ala., according to a special dispatch from there to-day. Mrs. Brown's condition is serious. The bolt of lightning came down a tree from what apparently was a clear sky.

## Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. For sale by all dealers.—Adv.

The proprietor of the powder mill went away for a holiday, leaving an old and trusted foreman in charge. But when he had been away a few days he received a wire to say that there had been an explosion. He hurried back and found the mill a smoldering wreck.

"How did it happen?" he asked one of the men.

"Well, you see, sir," the man replied, "old Bill went into the mixing room, and not thinking what he was doing, I suppose, struck a match."

"Struck a match!" cried the owner. "I should have thought that was the last thing on earth Bill would have done."

"It was, sir."

## Cures Stubborn, Itchy Skin Troubles.

"I could scratch myself to pieces!" is often heard from sufferers of eczema, tetter, itch and similar skin eruptions. Don't scratch—stop the itching at once with Dr. Hobson's Eczema Ointment. Its first application starts healing. The red, rough, scaly, itching skin is soothed by the healing and cooling medicines. Mrs. C. A. Einfield, Rock Island, Ill., after using Dr. Hobson's Eczema Ointment, writes: "This is the first time in nine years I have been free from the dreadful ailment." Guaranteed. 50c., at your druggist.—Adv.

## Gets Ugly Wound in Fight.

Spartanburg, June 10.—Asserting that his wounds were the result of a "plain, ordinary fight caused by an insult," Cecil C. Wyche, floor leader for Governor Blease's forces in the House of Representatives, to-night declined to discuss his injuries. He declared he knew who his assailant was, but refused to divulge his name.

Wyche appeared at a local hospital early to-day in a dazed condition and suffering from a bad scalp wound. The cause of his injuries was a mystery throughout the day, as he refused to make any statement.

## Still Very Reticent.

Spartanburg, June 11.—Mr. Wyche is still very reticent about the affair of last night. However, he has said this much:

"The affair last night was nothing more nor less than a plain, ordinary fight, which was caused by an insult. I consider it a personal, private affair, and for that reason I refuse to make any further statement."

Mr. Wyche visited a newspaper office here Tuesday and made threats, it is alleged, against an unidentified person who had given the newspaper a letter from Mr. Wyche disclosing the plans for a secret meeting of Governor Blease's lieutenants. This was recalled in connection with the assault upon him last night.

## Always Lead to Better Health.

Serious sicknesses start in disorders of the stomach, liver and kidneys. The best corrective and preventive is Dr. King's New Life Pills. They purify the blood—prevent constipation, keep liver, kidneys and bowels in healthy condition. Give you better health by ridding the system of fermenting and gassy foods. Effective and mild. 25c. at your druggist. Bucklen's Arnica Salve for all hurts.—Adv.

Sick hogs should be isolated from the herd as soon as they are discovered. Time lost here is likely to mean the spread of a disease. There is a law requiring dead hogs to be buried. Obedience to this law, according to Dr. M. Ray Powers, State veterinarian, and head of the veterinary division of Clemson College, is one of the best ways to keep down the spread of hog cholera.

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give
